**Project Title: Smart Agriculture Training and Implementation**

**Project Code: 2020-1-EL01-KA226-VET-094682**

**Project Acronym: SATI**

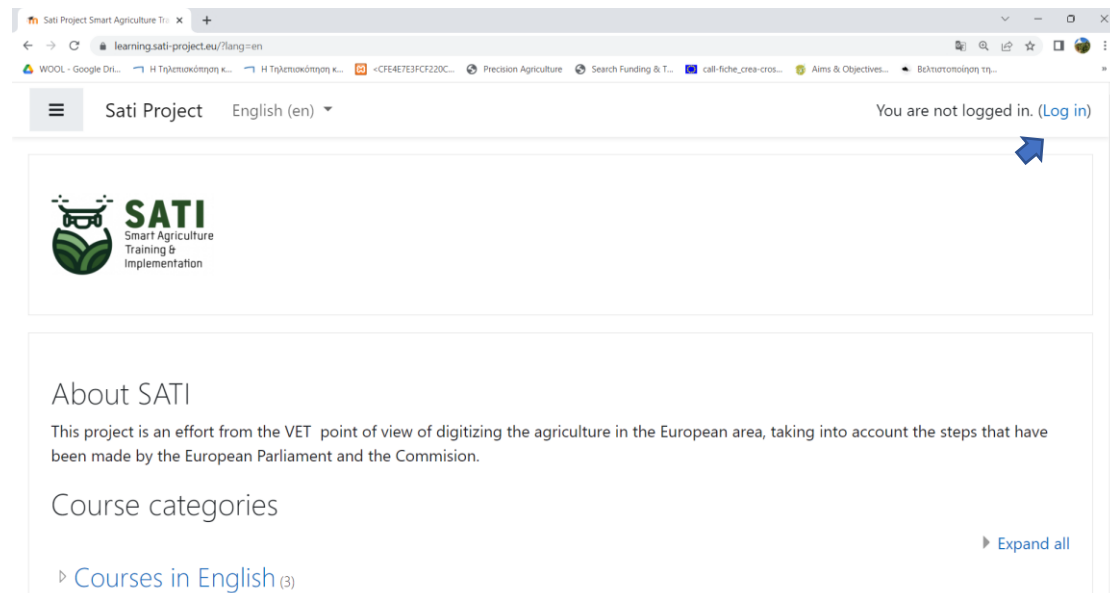

**SATI E-learning platform: User manual**

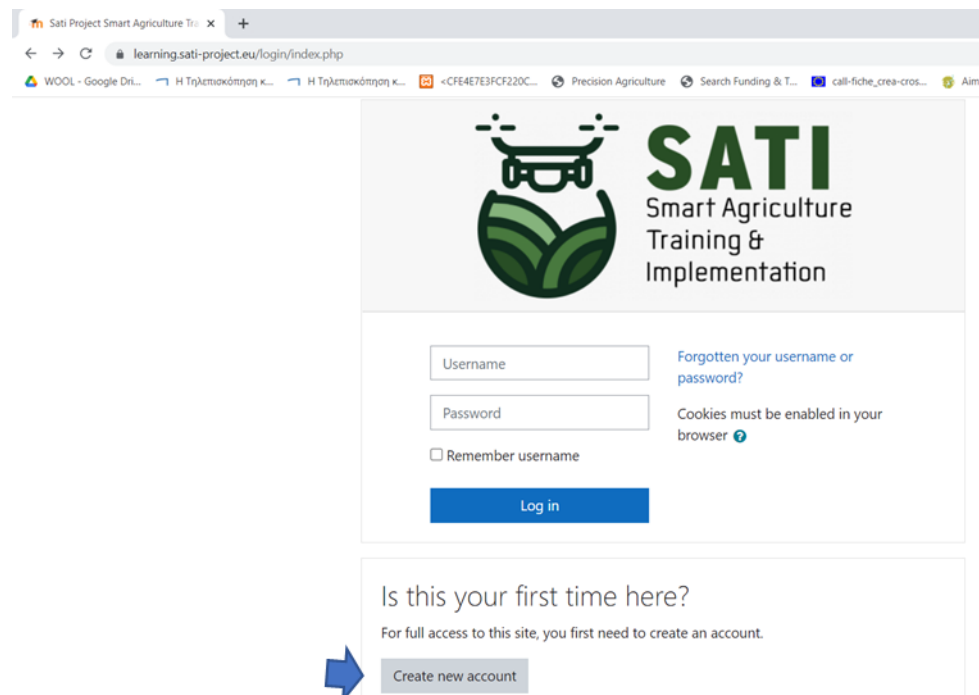

To access the e-learning platform, you have to use the following link:

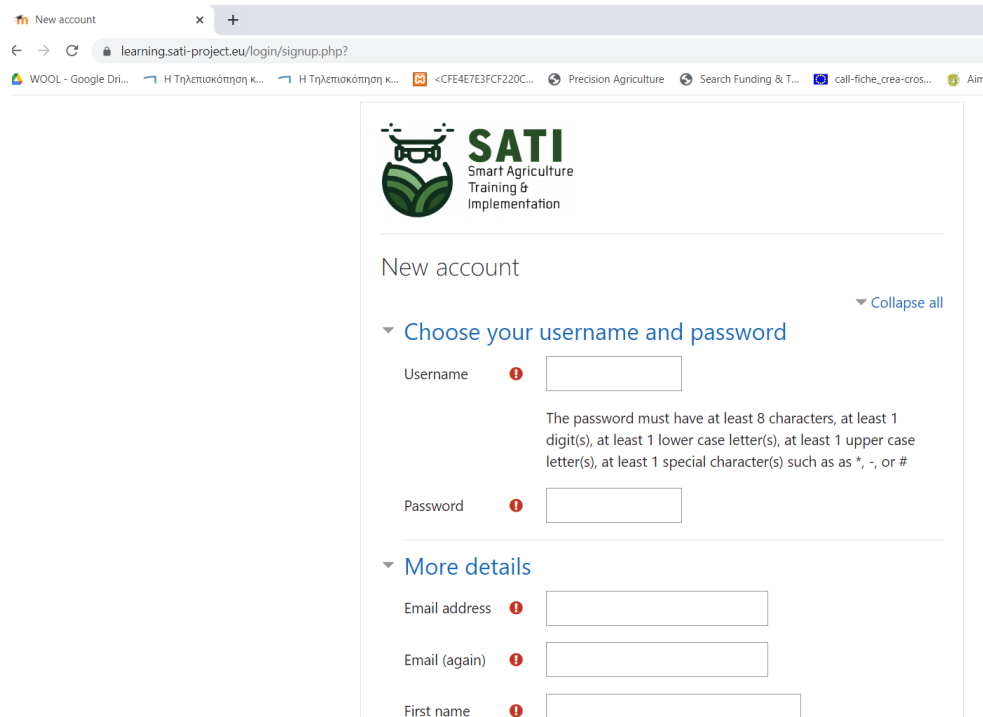

<https://learning.sati-project.eu/>

On the home page, select the language that best suits you and then click on the [log in](#) in the top right corner.

If you do not have an account, proceed to the creation of a new one by clicking on "[Create new account](#)" where you fill in the appropriate information.

New account

Choose your username and password

Username !

The password must have at least 8 characters, at least 1 digit(s), at least 1 lower case letter(s), at least 1 upper case letter(s), at least 1 special character(s) such as as \*, -, or #

Password !

More details

Email address !

Email (again) !

First name !

The username is the name you will use to log in to the platform and the password should have at least 8 characters including numbers, symbols and an uppercase character. In the section “**More details**”, you fill in your personal details such as name, surname and email address. There are required fields in this form marked with a red exclamation mark next to them.

When you have filled in all the required information, you click the “**Create my new account**” button and a verification email is sent to your email account that contains a link. By clicking on this link (you may have to choose a different browser in case you cannot open this link), your account is activated.

Hi,

A new account has been requested at 'Sati Project Smart Agriculture Training & Implementation' using your email address.

To confirm your new account, please go to this web address:

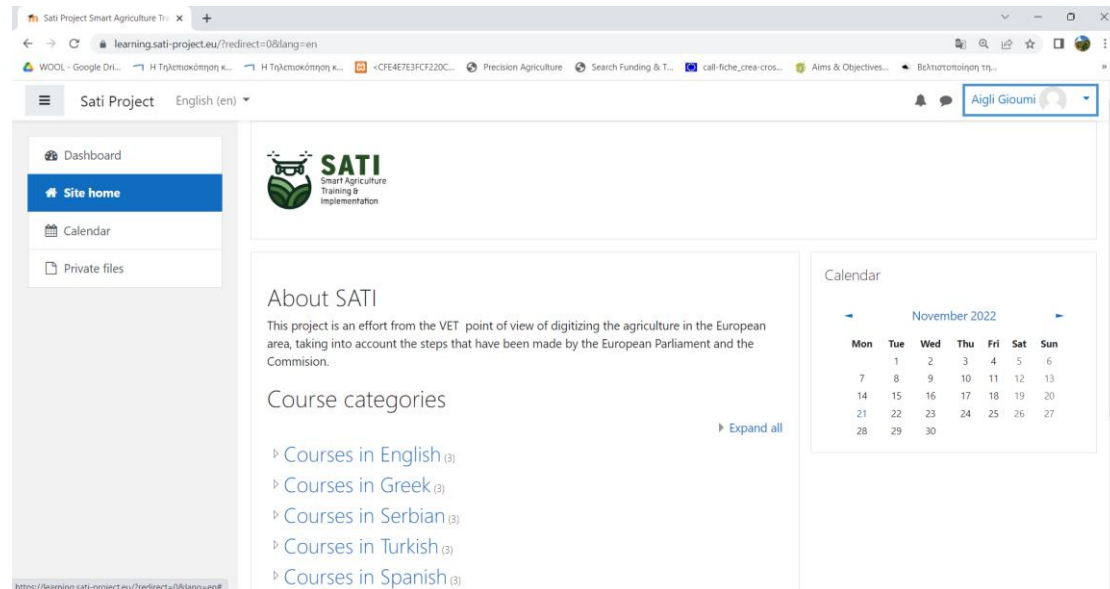

<https://learning.sati-project.eu/login/confirm.php?data=AG9yWDQ9fm4gsb4/angethan>

In most mail programs, this should appear as a blue link which you can just click on. If that doesn't work, then cut and paste the address into the address line at the top of your web browser window.

If you need help, please contact the site administrator,

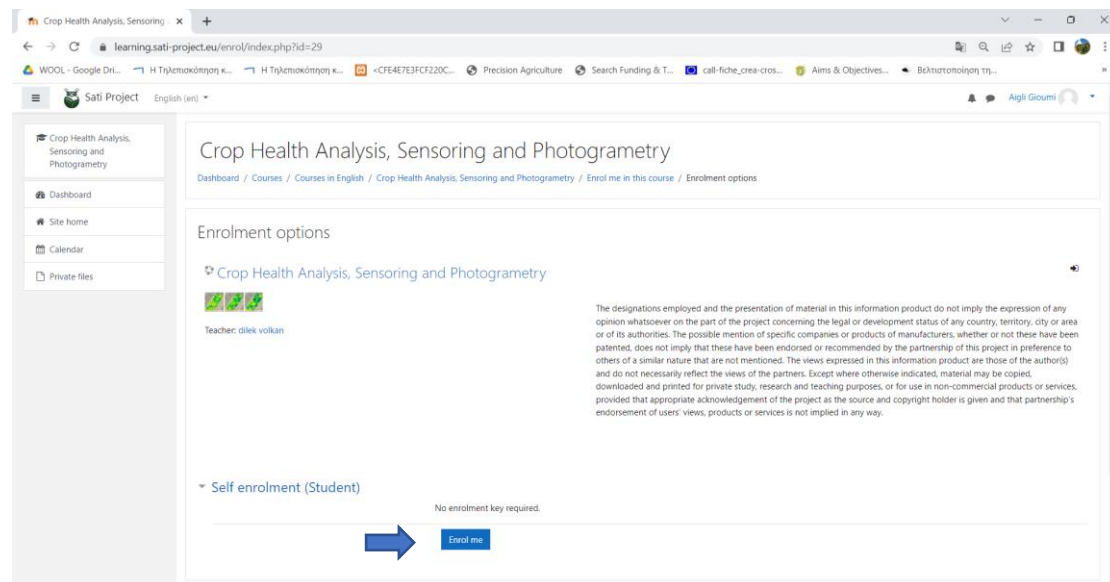

Admin User

Now you are logged in the platform. From the menu on the left side, click on “**Site home**” to see the available course categories where you can choose the course you want to enroll.

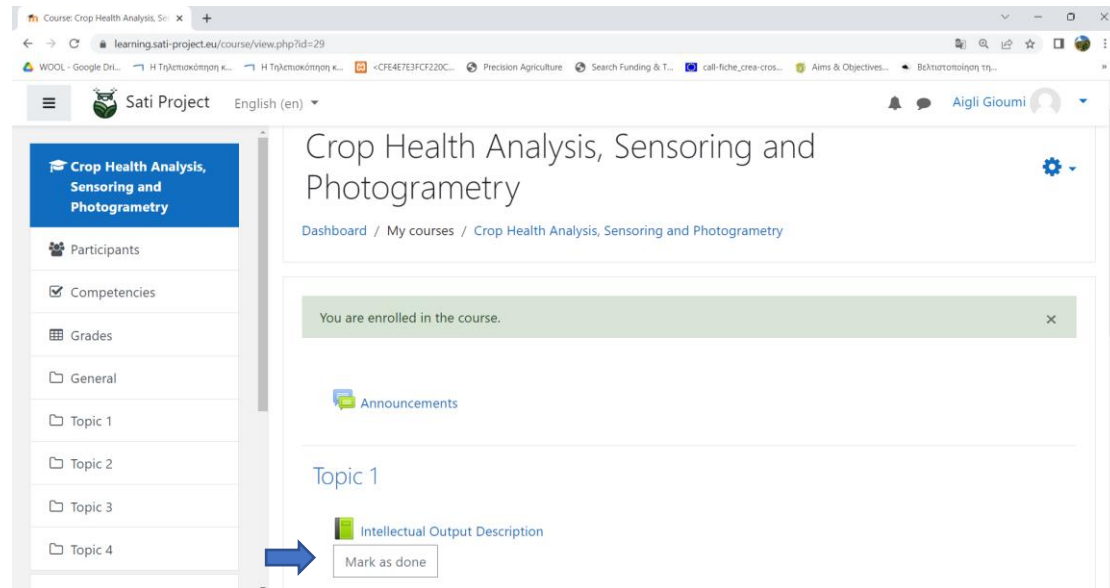

The screenshot shows the SATI platform's home page. On the left, a navigation menu includes 'Dashboard', 'Site home' (highlighted), 'Calendar', and 'Private files'. The main content area features the SATI logo, a brief description of the project, and a list of course categories: 'Courses in English (3)', 'Courses in Greek (3)', 'Courses in Serbian (3)', 'Courses in Turkish (3)', and 'Courses in Spanish (3)'. To the right, there is a calendar for November 2022.

By clicking on the title of the course that you are interested in, there is a small description of the course and there is also an enrolment button.

The screenshot shows the course page for 'Crop Health Analysis, Sensing and Photogrammetry'. The left sidebar menu is updated to show the current course. The main content area displays the course title, breadcrumb navigation (Dashboard / Courses / Courses in English / Crop Health Analysis, Sensing and Photogrammetry / Enrol me in this course / Enrolment options), and an 'Enrolment options' section. Under 'Self enrolment (Student)', there is a note 'No enrolment key required.' and a blue arrow pointing to an 'Enrol me' button.

After enrollment, you can follow the different modules of the course and then click on the **“Mark as done”** button for the modules you have read or completed.

After completing the course, do not forget to issue a certificate of attendance which you can print or download as a pdf.
